TOUR 1

Specialising in one-way, one-week guided tours across Europe, Tour 1 enables riders to experience the joys of riding to an event and then the collective celebration of all things H-D® at Harley-Davidson® and H.O.G.® events in various locations.

Making the most of limited time, riders can ride to an event, spend time at the event and then fly home without investing additional time in planning their ride or riding home, with their motorcycle making its way back to the UK in the care of We Move Bikes, Harley-Davidson's logistics partner.

Tours leave on a Saturday morning and routes are selected to give riders the best possible experience, taking in some of the most beautiful scenery in mainland Europe. Riders ride to the event and then spend time there enjoying all the fun that a fantastic H-D rally offers before flying home on the following Sunday, having saved precious holiday time for other adventures!

- In 2015 you can ride with Tour 1 to Euro Festival in St. Tropez or European Bike Week in Faaker See, Austria.
