

TOUR1

In 2017 Tour1 will be running its usual blend of one-way tours to the main Harley-Davidson® European rallies, along with a range of spectacular round-trip tours around Europe. All tours depart from the UK.

Each of the one-way tours lasts nine days. One goes to St Tropez, one to Faaker See and one to the European H.O.G.® Rally. On these one-way tours you ride for six days, spend three days at the rally and then fly back to the UK on the Sunday of the rally. Your bike is then brought back to the UK by specialist truck, meaning you save precious holiday time for other adventures.

The two main tours – a tour of the Alps called 'Altitudes with Attitude' and 'The Grand Tour of Europe', – take in some of the best riding roads in Europe and are for experienced riders. These round-trip tours last 12 to 14 days.
